For iPhone (Apple Wallet)

- 1 Download the **Pass2U Wallet** app from the App Store.
- 2 Open the app and tap the **+** button in the bottom left corner.
- 3 Select **Get the Barcode** in the **Photo** and choose your saved u3a membership PDF from your Files or Photos.
- 4 Select the **Generic Pass** type.
- 5 The app will scan the QR code/barcode. You can manually type in your membership number and expiry date if they aren't auto-filled.
- 6 Tap **Done**, then click **Add** to save it to your Apple Wallet.

For Android (Google Wallet)

- 1 Download the **Google Wallet** app from the Play Store.
- 2 Open your u3a membership PDF on your phone or computer so the barcode/QR code is clearly visible on the screen.
- 3 Take a screenshot of the barcode. (Note: If you have a Google Pixel phone, the screenshot notification will offer an "Add to Google Wallet" button).
- 4 If you don't have the auto-add feature, download a companion app like **Pass2U Wallet** on the Play Store, which allows you to import an image of the barcode and export it directly to Google Wallet.
- 5 Alternatively, since passes do not need to be in your digital wallet to be valid, you can also simply take a screenshot of your u3a membership card PDF and save it to your Photos/Gallery for easy access.
