For iPhone (Apple Wallet)

- 1 Download the **Wallet Creator** app from the App Store.

Wallet Creator

- 2 Open the **Wallet Creator** app and tap the + button to create a new pass.

- 3 Select **Scan Barcode** (or Import from Photo if you have already saved your u3a membership PDF).

- 4 Choose the **Generic Pass** template.

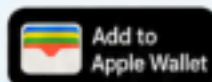

Generic Pass

- 5 The app will scan the QR code/barcode. You can manually type in your membership number and expiry date if they aren't auto-filled.

- 6 Tap **Done**, then click **Add** (or **Add to Apple Wallet**) to save it to your Apple Wallet.

- 7 Your Belfast u3a membership card will now appear in Apple Wallet.

- ✓ You can now show your membership card from your Apple Wallet whenever you need it.

For Android (Google Wallet)

- 1 Download the Google Wallet app from the Play Store.

Google Wallet

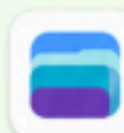

- 2 Open your u3a membership PDF on your phone or computer so the barcode/QR code is clearly visible on the screen.

- 3 Take a screenshot of the barcode. (Note: If you have a Google Pixel phone, the screenshot notification will offer an "Add to Google Wallet" button).

- 4 If you don't have the auto-add feature, download a companion app like **Wallet Creator** on the Play Store, which allows you to import an image of the barcode and export it directly to Google Wallet.

Wallet Creator

- 5 Alternatively, since passes do not need to be in your digital wallet to be valid, you can also simply take a screenshot of your u3a membership card PDF and save it to your Photos/Gallery for easy access.

Google Photos

- ✓ Your Belfast u3a membership card is now in your Google Wallet (or saved in your Photos).

TOP TIPS

- Keep your phone charged for easy access at events.
- You can show your membership pass directly from your wallet when required.
